- Decision making
- Communication
- Multi-tasking

About Me

To work in a field that challenges my technical and analytical abilities . I would to enhance my skills and holistic knowledge while working and contributing towards the goals of organization I am working with.

Projects

- **Certificate Generation System**

The certificate generation system is a system which allows the digital automation of the Quiz Certificates of the students. The system will generate the Quiz Certificates in Portable Document Format which is globally accepted format for files. The PDF document is very difficult to modify and requires the use of the complex software. To simply put, the system is to provide the Quiz Certificates in user friendly and secure manner.

- **Coffee Shop Management**
- **Health Care Website**
- **Personal Portfolio**
- **Weather Determination**
